

2024 Coast Range Management Safety Goals

1. Improve communication to workers regarding total wellness services available

- Focused safety meeting discussion topics for the season as prompts
- Assemble mental health resources for website, online training, orientation, posting on safety board

2. Continued emphasis on camp / personal hygiene

- Target zero lost time from gastrointestinal illness
- Consistent use of gloves for all employees during food service –
- Intentional camp setup for sinks and food access

3. Improve enforcement of pet policy

- Communicate policies to all employees prior to arrival in camp
- Follow written pet policies from start of season

4. Better implementation of disciplinary policy

- Improve tracking, providing details for incidents as they occur to the Safety Manager
- Use policy to help employees improve habits and behaviours instead of punitive
- Management level commitment to informing Safety Manager of safety and Human Resources incidents

5. ORV incident reduction

- Revising training for all users for ATVs and UTVs
