

# Plant with Coast Range for the 2024 Spring/Summer Season

## WE'RE LOOKING FOR EXPERIENCED PLANTERS FOR OUR INTERIOR BC CAMPS

### About Us

Coast Range is an owner-operated company that plants primarily in the interior of British Columbia. Our season begins late-April and runs through the end of July.

### Experienced Management

Coast Range owner, Garth Hadley, has 25+ years of experience in the silviculture industry. From planter to supervisor to owner, Garth understands the needs of employees and clients.

Our supervisors - Brett Foster and Jeremy Ellison - each have over 15 years of experience in tree planting management.

### 2024 Contracts

We have two camps this season, planting a total of approximately 7.5 million trees. The first camp will start in Williams Lake, then move to Mackenzie. The second camp will start in Quesnel, then move to Mackenzie. Only one anticipated camp move makes for a more streamlined season.

### EARNING POTENTIAL

We pay competitive prices, with our top 5 planters earning an average of \$456 per day and 50 planters earning over \$15,000 in the 2023 season. We have excellent contracts and prices for 2024.
